PROFILE SUMMARY

Aspiring Full-Stack Developer with hands-on experience in building responsive web applications using React.js, JavaScript, Node.js, MongoDB, and REST APIs. Skilled in frontend development, API integration, and creating scalable user-friendly applications. Passionate about full-stack development and problem solving.

TECHNICAL SKILLS

Languages: Python
Frontend: HTML5, CSS3, JavaScript, React.js
Backend: Node.js (Basic)
Databases: SQL
Programming Concepts: Data Structures (Basic)
Tools: Git, GitHub, VS Code, Postman
AI Tools: ChatGPT, Gemini, Claude

ACADEMIC & PERSONAL PROJECTS

Personal Portfolio Website — Live Demo
Technologies: HTML, CSS, JavaScript

- Designed and developed a responsive personal portfolio website to showcase skills and projects.
- Optimized website for cross-browser compatibility and mobile responsiveness using CSS Media Queries.

Green Cart – E-commerce Application — Live Demo
Technologies: React.js (Vite), JavaScript, HTML, CSS

- Developed a responsive e-commerce web application using React.js, JavaScript, HTML, and CSS.
- Implemented dynamic product filtering, reusable React components, and responsive UI design.
- Improved application performance using Vite build optimization.
- Integrated modern frontend development practices for better user experience.

Cafe App — Live Demo
Technologies: React.js, JavaScript, HTML, CSS

- Built a cafe ordering web application featuring menu browsing and a cart-based ordering system.
- Designed reusable React components for menu items and cart management with a responsive UI.

Smart Healthcare Early Diagnosis System — Live Demo
Technologies: Python, Streamlit, Machine Learning, CNN, MongoDB

- Developed an AI-powered healthcare system for early disease diagnosis.
- Built symptom-based disease prediction and medical image analysis modules.
- Integrated AI chatbot, analytics dashboard, and report generation.
- Deployed the application on Streamlit Cloud.

TRAINING & INTERNSHIP

Web Designer Intern — Maisha Infotech Pvt. Ltd., NSP
February 2023 – March 2023 (1 Month)

- Worked on live company projects including an interactive browser-based game (GoGo Game) and an e-commerce website, contributing to UI development using HTML and CSS.
- Designed and developed an admin dashboard for internal project tracking and management.
- Built a functional contact/mail form enabling direct email communication to the company from the website.

EDUCATION

- Master of Computer Applications (MCA) — Galgotias University (2024–2026)
- Bachelor of Computer Applications (BCA) — IGNOU
- Senior Secondary & Secondary — Bihar Board (BSEB)

CERTIFICATIONS

- Poster Presentation Certificate — Smart Healthcare Early Diagnosis System (College)
- SQL Certification – Simplilearn
